# CHAMPRO

2020 2ND EDITION

# 

# OUR TEAM BUILDS YOURS

For 34 years CHAMPRO® has provided the best values in performance team uniforms and equipment. Last year was a record year for us with more teams and players choosing CHAMPRO® than ever before. We know that player expectations are rising and therefore, we reinvested more last year than any year in our history. These investments focused on five areas that will benefit you, our customer, as well as your teams and players:

1. Product development resulting in performance improvements for our entire product line.

- 2. Innovation, not only in our products, but in the infrastructure we use to serve you.
- 3. Technology to make buying from CHAMPRO® easier because it enables us to ship your orders faster and cheaper.
- 4. A new CHAMPRO® owned custom uniform factory increasing our capacity as well as our speed.

5. A new CHAMPRO® owned and operated west coast distribution center allowing us to carry more inventory and serve our customers more effectively.

In addition to these investments in our future, we have recommitted ourselves to our long held mission to provide the best value and the best customer service in the sporting goods industry.

Sincerely; Wilson F Hunt, Jr. C.E.O.

- **CONCEPT 3000 DISLODGING SAFETY BASE** REDUCES THE POTENTIAL FOR SLIDING INJURIES

Top pad is strong enough to support a player standing on the base, but flexes and dislodges from the smooth bottom plate as player slides in. Pad can be reset on the bottom plate when play is complete. This allows the player standing on the base to be supported by the rigid top pad, while the sliding player can smoothly slide over the plate after the pad dislodges.

# KNOW YOUR **Softball**

We manufacture a complete range of softballs to ensure that we have a ball that meets the durability and performance standards required by any league and any budget. Our high performance polyurethane cores are pressure molded to provide maximum durability and adhere to prescribed performance metrics of ASA, USSSA and Little League. Our leather and durahide covers offer the best, longest lasting grip in the field. Our fast pitch softballs feature our raised "High M" seam with the feel that players prefer.

#### CHAMPRO softballs are coded on the center panel to instantly identify the construction of each ball.

The first letter is always "T" for Tournament, "G" for Game, or "R" for Recreation.

T (Tournament) - Leather cover & polyurethane core, high performance

G (Game) - Durahide cover & polyurethane core, all levels of play R (Recreation) - Durahide cover & practice core; not recommended for heavy hitting

fast pitch or "SP" to indicate slow pitch.

FP (Fast Pitch) - Raised Seams SP (Slow Pitch) - Flat Seams

The two digit number at the end of the name indicates the coefficient of restitution (COR) of the softball (USSSA Specifications prohibit marking the COR and compression specifications on the ball)

The second and third letters are either "FP" to indicate

7-V-7 PROTECTIVE EQUIPMENT

WARNING: These products are designed for use in non-contact (flag or touch) football play only. It is intended to provide padding to the wearer and protect against minor abrasions and bruises that may occur from incidental contact between players or between player and field in the game of non-contact football. The padding does NOT protect against contact or strikes to the body, which could lead to serious injury. It should NEVER be used as a protective device in play or practice involving tackle or contact typical of tackle football or rugby.

SPOT Sublimation is an easy and ultra affordable way to sublimate t-shirts for your organization or event. Using our brand new Vision t-shirt, SPOT allows you to print within a designated area on the front and back of your shirt using **as many colors and graphics as you want!** 

ADULT S-4XL; YOUTH XS-L

# FAST 5 BUSINESS DAY LEAD TIME!\* NO MINIMUMS!

# AVAILABLE IN ONE-SIDED OR TWO-SIDED PRINT

Approximate artwork boundary on front & back Artwork sizing will be determined based on size of shirt ordered and art provided. It will be provided in the art proof.

We accept print-ready vector art files in the following formats: AI, ESP or PDF. Vector art is always preferred.

\*Lead time may vary on orders over 100 pieces

\*\*Artwork sublimated on new Optic Yellow or Silver jerseys will shift darker and appear over-saturated. In order to have your artwork's color match our standard sublimated colors, please choose a white jersey. All other terms and conditions apply.

#### PRESS MARK

We try our best to deliver your garments free of any defects or imperfections. However, due to the nature of the manufacturing process, press marks may occur around the boundary of the print area. Although we will do everything we can to minimize these occurrences, we cannot be responsible for the imperfections as they are the result of the SPOT sublimation process. Variations between garments will occur and no two garments will be completely identical.

\*Lead times may vary depending on order volume. Lead time will be confirmed at the time the order is approved.

Lead times are manufacturing days and do not include shipping to customer from our D.C.

### **MINIMUM ORDER**

6 piece minimum per style per color.

Up-charge of 25% per piece for orders of fewer than 6 pieces.

No up-charge or minimums for fill-in orders with the same design and graphics. An up-charge of 25% if any changes are requested to the fill-in order.

### ORDER SUBMISSION

Orders will not be accepted without a PDF and roster from the Uniform Builder or an electronic order form. Contact our customer service representative for an electronic copy of the order form.

Fill-out the electronic order form or build your uniform online at ub.champrosports. com and e-mail it to juice@champrosports.com.

### **CUSTOM JUICE SUBMISSION**

No art charge for template designs or numbers.

Template designs within a sport are interchangeable, but template designs

requested in another sport pattern will incur a set-up charge of \$50.

Unique designs not based off a CHAMPRO template will incur a one-time \$50 set-up charge. All colors, decoration, locations and sizing must be specified.

Any custom orders not submitted with specific direction may be subject to artwork fees. Artwork must be submitted in one of the acceptable artwork formats listed below.

### ACCEPTABLE ARTWORK FORMATS

### **VECTOR ART**

We accept print-ready vector art files in the following formats: AI, EPS, or PDF. Vector art can be scaled to any size while maintaing quality. Vector art is always preferred. Please remove any overprints within your file; these will drop out when printed. If vector art cannot be supplied, files that require digitization will incur a graphic design service charge at the rate of \$50 per hour with a minimum charge of one hour

PDF files will be converted to AI; we are not liable for any errors during conversion.

### PASTER ART

Raster art, otherwise known as bitmap art, is composed of pixels grouped together to make one complete image. When scaled larger, the image will look pixelated. If you must submit a raster image, make sure the resolution is 200 DPI (dots per inch) or larger

### OUTLINED FONTS

Outlined fonts are required for all artwork formats. Font selection can vary on different computers, which can cause a desired font to be replaced with a generic one. To preserve your fonts, always outline, embed, or convert them to shapes before submitting artwork. If a specific font is required, the name of the font and the font file (TFF or OTF) must be submitted.

### EMBEDDED IMAGES

Most programs allow the user to add an image to a file by linking or embedding. Embedded images are stored within the document itself, while linked files are not. Because of this, linked files can vanish when opened from a different computer. Please embed all images to avoid losing them when files are sumbitted. Any embedded images must be high resolution. If submitting a PSD file, all layers should be flattened.

### UNACCEPTABLE FILE FORMATS

Microsoft Office, InDesign, Quark, Corel Draw, Publisher, or low-resolution scanned images.

### **GRAPHIC DESIGN SERVICES & GENERAL DETAILS**

Our professional graphic design services for custom logos, artwork or logo digitization are charged at the rate of \$50 per hour, with a minimum of one hour. Please contact us for an estimate.

CHAMPRO reserves the right to adjust the size of decoration proportionally to garment size. CHAMPRO will not be responsible for errors resulting from copy that was received or approved incorrectly.

Proofs provided electronically should not be used for final color output or image resolution.

### **ROSTER & ARTWORK APPROVAL**

CHAMPRO will send an e-mail with order acknowledgement and proof of the order.

- Customer must review the order and proof for accuracy and approve for production. All information on the proof and roster will be considered correct after approval is received.
- CHAMPRO will acknowledge receipt of approval and confirm lead times. Production and lead time will not begin until a written artwork and roster approval is received by CHAMPRO.

No changes to an order will be accepted after artwork and roster approval is received; any changes needed will have to be submitted as a new order.

### SHORTAGES/CLAIMS/CANCELLATION

### Any claims or shortages with your order must be reported within 10 working days of receipt of goods.

No cancellations or changes are accepted after the order is approved. Any cancellation after this time will be subject to 50% charae of the order total.

### **COLOR DISCLAIMER**

Scientifically it is not possible to achieve a perfect color match from one JUICE garment to another, or from JUICE garments to CHAMPRO stock garments. Therefore, we cannot guarantee a perfect match from order to order or from one fabric to another. If you have questions about our colors, please contact us for more information. Art submissions with specific Pantone Color call outs will automatically be converted to CMYK. If your job is color sensitive, please contact us for information on color matching services. RGB files will be converted to CMYK; some color shifting will most likely occur. Unless a sample is ordered, CHAMPRO is not responsible for unsatisfactory color results.

### COLOR MATCHING

We cannot color match gradients. We print digitally in CMYK and use PMS colors as a guide; therefore the colors are not exact. If you have a color sensitive project, we highly recommend that you order a sample. In the event that you do not, we will match as close as possible to the PMS colors provided, but are not responsible for the colors not printed to your liking

### **CARE INSTRUCTIONS**

Do not dry clean.

- Do not wash in hot water; Do not use chlorine bleach; Do not wash whites and colors together; Do not dry on HIGH heat.
- Excessive heat may cause fabric shrinkage and color change. Do not put JUICE garments through a screen print dryer.
- CHAMPRO is not responsible to damage to apparel as a result of improper care.

### ARTWORK DISCLAIMER

CHAMPRO Sports want to work with you to put your designs, artwork, and logos on the products you purchase from CHAMPRO Sports. Any such designs which CHAMPRO Sports prepares for you ("Artwork"), will be the property of CHAMPRO Sports and will remain CHAMPRO Sport's intellectual property even if you have paid a fee for our design services. You will receive the Artwork only as it appears on goods purchased from CHAMPRO Sports and not in any electronic format. We will have the right to use the Artwork for any lawful purpose, including without limitation, for sales and advertising

You represent that you have all the appropriate rights to use Customer Designs which you provide to CHAMPRO, and you agree to indemnify and hold harmless CHAMPRO for all costs or damages arising from a claim of infringement against CHAMPRO related to your Customer Design. CHAMPRO may request you provide written proof of your rights to use any third party logo or trademark prior to CHAMPRO using such logos or incorporating such logos into your Artwork. However, whether or not CHAMPRO makes any such request does not affect your obligation to indemnify and hold harmless CHAMPRO for all costs or damages arising from a claim of infringement against CHAMPRO related to your Customer Design.

SPLASH sublimation offers the same text layouts, font and number styles as JUICE Infused Gear. See page 230 for a full list of options.

### TERMS & CONDITIONS

### LEAD TIMES

· SPLASH Sublimation FLASH: 3 business days\*

- SPLASH Sublimation Standard: 5 business days\*
- FOB Chicaao.

\*Lead times may vary on orders over 100 pieces. Lead time will be confirmed at the time of the order. Lead times are manufacturing days and do not include shipping to customer from our D.C.

### **PROGRAM INFORMATION**

Splash Basic orders use Splash template designs and styles that are started and/or completed on the Uniform Builder. If any modification is needed for logos, text, or numbers, our graphics department will refer to the proof generated by the Uniform Builder and alter it accordinly. These modifications include special decoration locations, logo application, watermark, sponsored logo etc., and customer follow-up will be necessary. Complex logos that require logo re-creation or art creation will incur an additional art charge of \$50 per hour. Only Splash template designs are accepted through this program.

Splash Custom option accommodates special requests which cannot be handled through the Uniform Builder or by any template style offered. These orders must provide vector artwork of the design desired and any additional elements for decoration. Our graphics department will re-create the design based on the artwork provided. If the proper vector artwork is not provided, an art change of \$50 per hour will be applied. Splash Custom orders are subject to increased lead times.

### **MINIMUM ORDER**

· No minimum order quantities on new and fill-in orders.

### **ORDER SUBMISSION**

### Splash must be designed on the uniform builder at ub.champrosports.com

• Orders will not be accepted without a PDF from the Uniform Builder and an electronic roster. Word, excel or Uniform builder rosters are accepted. • F-mail your PDF and roster to splash@champrosports.com.

### SPLASH SUBLIMATION DISCLAIMER

We will try our best to deliver your garments free of any defects or imperfections. However, during the manufacturing process the garment may not lay completely flat. This may cause some imperfections such as white or uneven areas, particularly under the armpit or along a seam. Although we will do everything we can to minimize these occurrences, we cannot be responsible for the imperfections as they are the result of the finished garment sublimation process. Variations between garments will occur and no two garments will be completely identical.

Unless otherwise stated above, all JUICE Infused Gear terms & conditions apply.

# SHIRT COLOR OPTIONS

SPOT sublimation offers t-shirts in white, optic yellow\*, or silver\* only. \*Artwork sublimated on new optic yellow or silver jerseys will shift darker and appear over-saturated. In order to have your artwork's color match our standard sublimated colors, please choose a white jersey.

### **IMPORTANT NOTE**

The measurements listed in the below charts are body measurements (in inches), not garment measurements. If your body measurement is on the borderline between two sizes, order the smaller size for tighter fit or the larger size for looser fit.

# How to Measure:

### Bust/Chest:

With arms relaxed at sides, measure around the body at the fullest part of the bust/chest, keeping the tape parallel to the floor.

### Waist:

Measure around the body (not on top of clothing) at the natural waist level.

### Hip:

With feet together, measure around the fullest part at hip level, keeping the tape parallel to the floor.
